OBJECTIVE

Aspiring Frontend Developer seeking an internship opportunity to apply skills in HTML, CSS, JavaScript, Bootstrap, and React (in progress). Eager to contribute to web projects while learning from experienced developers.

SKILLS

- **Frontend:** HTML5, CSS3, Flexbox, Grid, Bootstrap, JavaScript (ES6+), React (*in progress*)
- **Concepts:** Responsive Design, REST APIs, Async JS (fetch, async/await), Git/GitHub
- **Tools:** VS Code, Git, GitHub, Figma, Chrome DevTools

PROJECTS

- **Website Templates (3)** | HTML, CSS, Bootstrap
 - Built 3 responsive website templates using semantic HTML and modern CSS
 - Applied Flexbox and Bootstrap grid system to ensure mobile-first design
- **Calculator App** | JavaScript
 - Developed a functional calculator handling user input and real-time calculations
 - Practiced DOM manipulation and event handling with vanilla JavaScript
- **To-Do List App** | JavaScript
 - Built a dynamic to-do list with add, delete, and complete task features
 - Managed application state using arrays and updated UI dynamically
- **Portfolio Website** | HTML, CSS, Bootstrap
 - Designed a responsive personal portfolio with modern UI
 - Optimized layout using Flexbox and Grid for different screen sizes
- **React Projects Showcase** | React (*in progress*)
 - Created reusable components and managed state using hooks
 - Fetched projects dynamically from GitHub API

EDUCATION

- **Faculty of Engineering Electrical Power** Expected Graduation: 2027
- El Shorouk Academy
- **DEPI Program** Frontend Development Track (Ongoing)
